School plan 2015 – 2017

Bossley Park Public School 1321
## School background 2015 - 2017

### School vision statement

Bossley Park Public School is a tremendous demonstration of the efforts from a team of dedicated, professional and caring teachers and administration staff who continually strive to improve the learning outcomes for all students.

Our school is about providing opportunities for students to achieve their learning potential. This is achieved this by providing as many quality experiences as possible, ranging from educational, sporting, student leadership, creative arts and gifted and talented programs. It is our commitment to your children.

This commitment to our students is a cooperative effort with our learning community and supportive parents who play such an important role in our school as parent helpers, P&C members and volunteer workers. We are immensely proud of all our students and the way they work, behave and play at school. They are excellent examples of an inclusive public school system.

### School context

Bossley Park Primary School was established in 1890 with strong traditions of academic excellence, equity, values and innovation. We have a nurturing and harmonious environment where parents are always welcome and valued as partners in their child’s education.

Our school is situated on 2 hectares of which ¾ are playing fields, gardens, passive recreation areas and ball game areas. We are in Fairfield Local Government Area in the state seat of Prospect, next to the Western Sydney Regional Park, Stockland's Shopping Complex at Wetherill Park and the M7 motorway.

All of our classrooms, hall and library are air conditioned and have interactive whiteboards. The audio visual room in the library is set up as a "connected classroom" with video conferencing facilities enabling real time video communication with classrooms across the world.

We have an enrolment of 430 students and a staff of 38 including classroom and support teachers, English as second language teachers, visual arts teacher, community language teachers, reading recovery teacher, teacher/librarians, school learning support officers, administration staff and our school counsellor. Our students come from over forty cultural and language backgrounds, with Italian, Assyrian, Spanish and Croatian being the major language backgrounds other than English.

Our school motto of “Tolerance” is reflected in the wonderful way our students interact and support each other.

### School planning process

This school plan has been developed as a result of rigorous consultation with students, staff, parents and community members. The consultation consisted of interviews, online surveys and questionnaires distributed to staff, students and parents.

School staff and the school planning committee have collated, analysed and categorised the responses to develop three strategic directions and statements of purpose which are aligned with the NSW School Excellence Framework.

The plan will provide a clear statement of purpose and a shared vision to lead the direction and strategies for Bossley Park Public School over the next three years.
School strategic directions 2015 - 2017

STRATEGIC DIRECTION 1
Promote a collective responsibility for outstanding student learning and well being

Purpose:
- To develop significant extra curricula learning opportunities to support student improvement and engagement.
- To engage students in rich learning experiences to enable them to adapt to the challenges of the 21st Century.
- To enhance assessment and reporting practices to inform planning for all students with a focus on identified groups.
- To establish collaborative and inclusive frameworks to support student learning and wellbeing.

STRATEGIC DIRECTION 2
Develop a professional leadership and learning culture through quality teaching, collaboration and innovation

Purpose:
- To develop instructional leadership strategies to promote and model best practice.
- To embed systems to facilitate collaboration, classroom observation, modelling of effective practice and feedback.
- To identify and document individual, stage and school professional learning needs.

STRATEGIC DIRECTION 3
Commitment to inclusive learning community partnerships

Purpose:
- To develop responsive school practices and processes to facilitate learning community feedback.
- To use data and evidence to build the capacity of the learning community for school improvement.
- To access learning community resources to enrich the school’s standing and improve outcomes.
- To enhance connections with the PARK’s community of schools.
Strategic Direction 1: Promote a collective responsibility for outstanding student learning and well being
